SUMMER TRAINING - SESSION 1 - MAY/JUNE -2026 😊

MAY/JUNE - SUMMER TRAINING CLASS RATES - SESSION 1 : (all classes 60 min)

\$15.00 per class if you buy 1-3 tech classes in May/June
\$12.00 per class if you buy 4-6 tech classes in May/June
\$9.00 per class if you buy 7 or more tech classes in May/June

- you can e-transfer to famepay@hotmail.com
- use dance1 as the answer to the security question

NOTE:

* ***Parents, you are in charge of keeping track of how many lessons your dancer takes please, & then submitting payment at the end of this May/June session*** 😊

GOAL OF THESE CLASSES:

- to strengthen skills and/or upgrade your level for auditions next September
- to have Fun and learn new moves
- to get ready for exams in June

- at the end of each Session, all dancers will receive a tech chart to map out their strength, jump height, turns ability, range of motion, flexibility and grade level

WHO ARE SUMMER CLASSES FOR:

- The lower grades are perfect for Fame recreational or Performance students, ages 7 and up
- New students wanting to try a class!
- Fame company dancers and teachers

OPTIONAL DANCE EXAMS:

I strongly suggest taking a Fame Dance Exam in Ballet, Jazz or Tap.

- it will give your dancer an exact idea of what level they are at
- it will give them a concrete idea of what their strengths and weaknesses are
- it will help them immensely to get ready for auditions
- they will be certified in dance and receive notes, a mark and an certificate for the grade that they pass, which can be used if they ever want to teach.

* if interested in taking an exam as well, let me know ASAP to get you on the list

* Dance Exams dates: June 19 & 21, 2026

WHAT TO BRING TO SUMMER CLASSES:

- tight fitting bodywear (any colour), ballet shoes, pointe shoes (if you have them), tap shoes, runners, pirouettes, snacks, and a large drink 😊

WHICH LEVEL OF CLASSES DO I TAKE:

- - Recreational, Performance, & Junior company students would be perfect to take Grades 1-4
- - Inter Company students could take Grades 1-4 to work basics, and then could also take Grades 5-6
- - Advanced/Pro students should take Grades 5-6 to tidy up basics, but then should take Grades 7-8
- - I strongly suggest talking a lower level first, clean it, then add an upper level, or do both at the same time!
- - **remember, to be clean is more important than knowing hard steps! :)**
- - anyone taking grade 5, 6, 7 or 8 exams should also take a few of the lower levels classes, as you need that terminology for your upper level exams

- TEXT ME FOR RECOMMENDATIONS ON WHICH CLASSES & EXAMS TO TAKE, or SEE YOU AT CLASSES! 😊
